To: Wofford Faculty and Staff
From: President Dunlap

As directed by the Board of Trustees in response to the nation's recent economic downturn, Wofford's administration has studied its budget-management options very carefully. After reviewing all possible ways to reduce costs without impairing the student experience, we have settled on a reduction in force of 6 staff positions. Such decisions are difficult, but in this case unavoidable. We do not anticipate any further such adjustments for the remainder of this fiscal year.

artistic practice, often making marks on found materials and installing pieces in the local landscape of Spartanburg. Experimenting with easily transportable materials, Neely found the discarded shipping wrappers around the local lumberyards that his great-grandfather and his sons established after the Depression. This installation of large banners repurposes the utilitarian black and white surfaces of the lumber wraps. Some are covered with paintings, others with text -- the ideas, poems, and images drawn from his thesis and portfolio work. Neely's hope is that this installation in the landscape can serve as an invitation to continue a dialogue about the role of the visual artist at Wofford College, in the community, and in the landscape. The exhibition will run from October 6 - November 5.

To the Wofford Community:

Tomorrow (Tuesday, Oct. 6) from 11 a.m. to 2 p.m., Wofford will host its annual Graduate School and Law School Day in Great Oaks Hall. This is the second year that we have held the event in this location. We are expecting 45 schools, up from 39 last year. Although Great Oaks Hall will be unavailable as a study hall during this time, we believe the benefit to the student body justifies any inconvenience that this short closure may cause.

Thank you for your support as we continue to grow this program.

Agonizing physical pain, known as vaso-occlusive pain, can afflict children who have sickle cell disease. How vaso-occlusion leads to pain, and its impact on future pain and opioid pain relief is currently unknown. Using a combination of clinical and basic science studies our laboratory has identified a potential biomarker that may identify children at highest risk for the development of severe and early on-set painful vaso-occlusive episodes.

First Access

Wofford College

On Thursday, **November 5, 2009**, Career Services is launching a new program for the fall semester. "First Access" is an interview-for-hire event with—as of this date—four companies participating. More companies may be added, but you must act promptly if you wish to be considered by the four companies already committed to interviewing on the 5th.

The job titles, descriptions and requirements provided by the recruiters are listed below.

Instructions for Applying:

- First read the job descriptions and research* the companies. Do your qualifications fit the company requirements? Do not sign up with organizations if you do not meet the requirements.
- Send your resume as an attachment and in the email indicate to which companies we should submit your resume. Write "First Access" on the subject line. Send to vippermanks@wofford.edu. The **absolute deadline** for submission is **5pm, Monday, October 26**.
- Please note the following:
 - Submitting a resume does not guarantee you an interview.
 - These interviews are pre-screened by the employers and the names of the interviewees are sent back to Career Services. You will not be able to select the time of your 30-minute interview. This should be an important factor in your decision of whether or not to apply: Thursday, November 5 is a normal class day. If you have classes, tests or other unbreakable commitments, please take all of them plus your interest in an interviewing company into consideration before deciding to submit a resume.

Participating companies and positions:

Company	Hiring
Northwestern Mutual Financial Network	Summer Interns, Financial Representative
Verizon Wireless	Customer Service Rep, Technical Support Coordinator
Wells Fargo	Credit Manager
Mohawk Home	Interns, Management Trainees in HR, Finance, Manufacturing GPA-3.5

*Independent research sites include: www.hoovers.com, www.vault.com and www.wetfeet.com. To access Vault, follow the link from the Career Services Tab on myWofford. You'll be asked to create a username and password.

Date: October 26, 2009 at 2:03 PM
To: Wofford Staff WoffordStaff@Wofford.Edu, Wofford Students WoffordStudents@Wofford.Edu

To: All Faculty, Staff and Students

This is a reminder to all faculty, staff and students that Daily Announcements are sent daily each morning by Wofford News. Submissions to daily announcements should be made by midnight the night before you wish the announcement to publish; you may submit information as far out as you wish. Please note that general announcements (not event announcements) are also being posted in the portal as well as appearing in the daily announcements.

Submit announcements by going to: <http://www.wofford.edu/dailyAnnouncements> and fill out the form. You will be asked for your W#, then you may select event or announcement. If your announcement is about an event – with a specific time, date and location – then select “event” and be sure to select the appropriate date and time of the event. It is our policy for announcements to appear no more than twice in the daily announcements. Announcement that appear more than twice may be deleted.

NOTE TO EVENT HOLDERS: All events should be posted to the campus calendar. To submit an event to the campus calendar please see the [attached instructions](#).

Wofford News WILL NO LONGER process requests for ‘special announcements’ except under very limited circumstances, such as issues related to the entire Wofford community (power outage, for example) or a change in Wofford policies. General announcements will only be made via the daily announcements.

We appreciate your cooperation in making sure that events and announcements are submitted through the appropriate channels. This will also ensure that we do not overwhelm email accounts with multiple blast emails.

If you have changes, problems or questions about daily announcements or the e-calendar please email WoffordNews@wofford.edu.

Thank you.
